

IMPORTANT **NEWS ABOUT YOUR NEIGHBORHOOD**

CITY OF INKSTER & CITY OF WESTLAND ANNAPOLIS ROAD RECONSTRUCTION

IMPORTANT UPDATE

Beginning 7:00am 7/9/2018 and ending at 5:00pm 7/31/2018, all driveways on the North side of Annapolis Road (between Middle Belt and Inkster Roads) will be temporarily closed, and there will be no vehicle access into or out of your driveway. Residents will need to find other locations to park, such as nearby side streets. We anticipate your driveway being accessible after July 31, 2018, however the above schedule is contingent upon weather and may be extended if needed. We appreciate your cooperation and patience on this matter.

Two dumpsters have been placed at the corner of Northland and Annapolis and Irene and Annapolis. During reconstruction of Annapolis Road, please place all of your garbage into these dumpsters. As a reminder, Recycling will not be collected during construction.

Project Description

The City of Inkster and City of Westland are joining forces to undertake a pavement reconstruction project along Annapolis Road between Middle Belt Road and Inkster Road. Traffic will be restricted to a single lane eastbound one way, and single lane westbound, depending on phasing, with intermittent stoppages of traffic by flaggers during certain construction activities. The project will be completed in two phases; Phase 1 includes concrete slab replacements and repairs on the South side (City of Westland) and Phase 2 includes the reconstruction of the North side (City of Inkster).

Project Update

Phase 1 has been completed and the Phase 2 traffic shift has occurred. During Phase 2 all side streets to the north, with the exception of Harrison Street, will be closed throughout the duration of phase 2.

If you have any specific questions on the road construction, Dan Guastella **Project Engineer for Benesch, at (313) 234-0307.**

For General Questions please contact between 9:00 AM and 4:00 PM:

City of Inkster: Jerome Bivins, DPS Director at (313)-563-9774

City of Westland: Hassan Saab, P.E., Superintendent: Dept. of Public Service at (734)-467-7951

We appreciate your cooperation and patience, during construction!
